THIS AGREEMENT made this 21 day of November, 2022,

BETWEEN:

A. J. LEGROW HOLDINGS LIMITED

a body corporate, in the Province of Nova Scotia
(hereinafter called the "Developer")

OF THE FIRST PART

- and -

HALIFAX REGIONAL MUNICIPALITY

a municipal body corporate, in the Province of Nova Scotia
(hereinafter called the "Municipality")

OF THE SECOND PART

WHEREAS the Developer is the registered owner of certain lands located at 41362161, and 41280546 along Mount Hope Avenue, Dartmouth and Lynn Drive, Dartmouth and which said lands are more particularly described in Schedule A hereto (hereinafter called the "Lands");

AND WHEREAS the Developer has requested that the Municipality enter into a Development Agreement to allow for a mixed-use development on the Lands pursuant to the provisions of the *Halifax Regional Municipality Charter* and pursuant to Policies F-1, F-5, F-6, F-12 and IM-7 of the Regional Centre Municipal Planning Strategy and Section 11 and 491 of the Regional Centre Land Use By-law;

AND WHEREAS the Minister of Municipal Affairs and Housing, under Section 15 of Chapter 21 of the Acts of 2021, the *Housing in the Halifax Regional Municipality Act* designated the Lands as a special planning area for the purpose of accelerating housing developments in the Municipality;

AND WHEREAS the Minister approved this request to enter into a development agreement on October 25, 2022 referenced as municipal case number 23820;

THEREFORE, in consideration of the benefits accrued to each party from the covenants herein contained, the Parties agree as follows:

PART 1: GENERAL REQUIREMENTS AND ADMINISTRATION

1.1 Applicability of Agreement

- 1.1.1 The Developer agrees that the Lands shall be developed and used only in accordance with and subject to the terms and conditions of this Agreement.

1.2 Applicability of Land Use By-law and Subdivision By-law

- 1.2.1 Except as otherwise provided for herein, the development, use and subdivision of the Lands shall comply with the requirements of the applicable Land Use By-law and the Regional Subdivision By-law, as may be amended from time to time.
- 1.2.2 Variations as per Section 15 of the Regional Centre Land Use By-Law shall be permitted other than those requirements already varied by this agreement.
- 1.2.3 Variances to the requirements of the land use by-law shall be permitted in accordance with the requirements of the Halifax Regional Municipality Charter.

1.3 Applicability of Other By-laws, Statutes and Regulations

- 1.3.1 Further to Section 1.2, nothing in this Agreement shall exempt or be taken to exempt the Developer, lot owner or any other person from complying with the requirements of any by-law of the Municipality applicable to the Lands (other than the Land Use By-law to the extent varied by this Agreement), or any statute or regulation of the Provincial/Federal Government and the Developer or Lot Owner agree(s) to observe and comply with all such laws, by-laws and regulations, as may be amended from time to time, in connection with the development and use of the Lands.
- 1.3.2 The Developer shall be responsible for securing all applicable approvals associated with the on-site and off-site servicing systems required to accommodate the development, including but not limited to sanitary sewer system, water supply system, stormwater sewer and drainage system, and utilities. Such approvals shall be obtained in accordance with all applicable by-laws, standards, policies, and regulations of the Municipality and other approval agencies. All costs associated with the supply and installation of all servicing systems and utilities shall be the responsibility of the Developer. All design drawings and information shall be certified by a Professional Engineer or appropriate professional as required by this Agreement or other approval agencies.
- 1.3.3 Further to Section 1.3.1, the Developer shall be responsible for complying with the requirements of the *Canadian Forces Base Shearwater Airfield Zoning Regulations* and any other requirements of the Department of National Defence.

1.4 Conflict

- 1.4.1 Where the provisions of this Agreement conflict with those of any by-law of the Municipality applicable to the Lands (other than the Land Use By-law and Regional Subdivision By-law to the extent varied by this Agreement) or any provincial or federal statute or regulation, the higher or more stringent requirements shall prevail.
- 1.4.2 Where the written text of this Agreement conflicts with information provided in the Schedules attached to this Agreement, the written text of this Agreement shall prevail.

1.5 Costs, Expenses, Liabilities and Obligations

- 1.5.1 The Developer shall be responsible for all costs, expenses, liabilities and obligations imposed under or incurred in order to satisfy the terms of this Agreement and all Federal, Provincial and Municipal laws, by-laws, regulations and codes applicable to the Lands.

1.6 Provisions Severable

- 1.6.1 The provisions of this Agreement are severable from one another and the invalidity or unenforceability of one provision shall not affect the validity or enforceability of any other provision.

1.7 Lands

- 1.7.1 The Developer hereby represents and warrants to the Municipality that the Developer is the owner of the Lands and that all owners of the Lands have entered into this Agreement.

PART 2: DEFINITIONS

2.1 Words Not Defined under this Agreement

- 2.1.1 All words unless otherwise specifically defined herein shall be as defined in the applicable Land Use By-law and Subdivision By-law, if not defined in these documents their customary meaning shall apply.

2.2 Definitions Specific to this Agreement

- 2.2.1 The following words used in this Agreement shall be defined as follows:

- (a) **Low-density Dwelling Use** means a building that contains no more than three dwellings on a lot and a townhouse dwelling use.
- (b) **Townhouse Dwelling Use** means a building that is divided vertically into three or more dwelling units, where each unit is located on a separate lot, and each unit has an independent pedestrian entrance; or means a building that is divided vertically into three or more dwelling units, where each unit is capable of being located on separate lots, and each unit has an independent pedestrian entrance.
- (b) **Pedestrian-scale lighting** means lighting designed to illuminate an area for pedestrian use, including, but not limited to, path lights, illuminated bollards, in-ground lighting, or light columns, but does not include lighting primarily designed for illuminating roads and streets for automobiles.

PART 3: USE OF LANDS, SUBDIVISION AND DEVELOPMENT PROVISIONS

3.1 Schedules

- 3.1.1 The Developer shall develop the Lands in a manner, which, in the opinion of the Development Officer, conforms with the following Schedules attached to this Agreement and filed in the Halifax Regional Municipality as Case Number 23820:

Schedule A	Legal Description of the Lands
Schedule A1	Map of the Lands
Schedule B	Zone Boundaries
Schedule C	Maximum Building Height Precincts
Schedule D	Minimum Front and Flanking Setbacks

Schedule E	Active Transportation and Street Network Plan
Schedule F	Phasing Plan
Schedule G	Landscaping Plan
Schedule H	View Terminus Sites
Schedule I	Parkland and Environmentally Sensitive Areas
Schedule J	Watercourse Buffer

3.2 Requirements Prior to Approval

3.2.1 Prior to the issuance of a Development Permit the Developer shall provide the following to the Development Officer, unless otherwise permitted by the Development Officer:

- (a) Payment for any outstanding appraisal costs accrued by the Municipality in accordance with Section 3.16 of this Agreement and the Regional Centre Land Use By-law;
- (b) Incentive or bonus zoning in accordance with Section 3.16 of this Agreement; and
- (c) A final landscaping plan or the posting of securities in accordance with Section 3.8 of this Agreement.

3.2.2 Further to the Site Clearing Agreement approved on June 16, 2022 and recorded at the Halifax County Land Registration Office as Document # 121040621, for each phase of the development, prior to the commencement of any site work, or the issuance of a Grade Alteration or Lot Grading Permit, the Developer shall enter into a Subdivision Agreement in accordance with the Regional Subdivision By-law and this Agreement.

3.2.3 Prior to the issuance of the first Occupancy Permit for any building on a lot, the Developer shall provide the following to the Development Officer, unless otherwise permitted by the Development Officer:

- (a) For all development, except any development located within an ER-3 Zone shown on Schedule B, payment of securities or written confirmation from a Landscape Architect which the Development Officer may accept as sufficient record of compliance with the Landscaping Plan in accordance with Section 3.8 of this Agreement; and
- (b) Written confirmation from a qualified professional which the Development Officer, in consultation with the Development Engineer, may accept as sufficient record of compliance with Section 5.1 and Section 5.2 of this Agreement.

3.2.4 Notwithstanding Section 3.2.2, any site work that commenced under the Site Clearing Agreement shall be permitted to continue under the terms of that agreement.

3.2.5 Notwithstanding any other provision of this Agreement, the Developer shall not occupy or use the Lands for any of the uses permitted by this Agreement unless an Occupancy Permit has been issued by the Municipality. No Occupancy Permit shall be issued by the Municipality unless and until the Developer has complied with all applicable provisions of this Agreement and the Land Use By-law (except to the extent that the provisions of the Land Use By-law are varied by this Agreement) and with the terms and conditions of all permits, licenses, and approvals required to be obtained by the Developer pursuant to this Agreement.

3.3 General Description of Land Use

3.3.1 Where uses are permitted by this agreement, the following minimum and maximum unit numbers shall apply:

(e) Minimum Rear Setbacks

Use	Minimum Rear Setback
Townhouse dwelling use – interior units	2.4 metres
Townhouse dwelling use – end units	2.4 metres
Single-Unit dwelling use, Two-unit Dwelling Use and Three-unit Dwelling Use	2.4 metres
Semi-detached dwelling use	2.4 metres
Multi-unit dwelling use	2.4 metres

(f) Maximum Lot Coverage

Use	Maximum lot coverage
-----	----------------------

Townhouse dwelling use	50%
Single-Unit dwelling use, Two-unit Dwelling Use and Three-unit Dwelling Use	50%
Semi-detached dwelling use	50%
Multi-unit dwelling use	40%

- (g) For Townhouse Dwelling Uses, more than one townhouse unit shall be permitted on a lot if the lot has sufficient lot area and frontage to allow subdivision in accordance with the provisions of this Agreement. A maximum of one townhouse block per lot shall be permitted.
- (h) A maximum of 8 townhouse units shall be permitted in a townhouse block.

3.4.6 For lands within the HR-1 and HR-2 Zones shown on Schedule B, the following shall apply:

- (a) Each ground floor shall, for no less than 70% of the streetwall:
 - (i) commence no lower than 0.6 metre below the average finished grade of the land adjoining the streetwall; and
 - (ii) commence no higher than 0.6 metre above the average finished grade of the land adjoining the streetwall.
- (b) The ground floor of a grade-related dwelling unit shall:
 - (i) commence no lower than 1.5 metres below the average finished grade of the land adjoining the streetwall; and
 - (ii) commence no higher than 1.5 metres above the average finished grade of the land adjoining the streetwall.
- (c) The view terminus site identified in Schedule H shall satisfy the requirements of the Land Use By-law or provide a landscaped area which:
 - (i) is a minimum of 350 square metres in area;
 - (ii) contains a minimum of 10 trees that are not a shrub with a minimum base caliper of 50 millimetres;
 - (iii) contains a minimum of 20 shrubs no less than 1.0 metre in height;
 - (iv) contains a minimum of two benches;
 - (v) contains pedestrian-scale lighting; and
 - (vi) contains a mixture of soft landscaping and hard landscaping.
- (d) The maximum permitted streetwall height shall be:
 - (i) for a main building on a lot abutting Mount Hope Avenue, 16 metres; and
 - (ii) for a main building on a lot in the HR-1 Zone and abutting Road 2 as shown on Schedule B, 16 metres.
- (e) Excluding any structure below 0.6 metre above the average finished grade, for buildings greater than 14 metres in height, the applicable side and rear setbacks under the Land Use By-law are not required if a main building has a minimum rear or side setback of:
 - (i) 8.5 metres for mid-rise buildings; or
 - (ii) 12.0 metres for tall mid-rise buildings.
- (f) Main buildings shall not be required to meet the ground floor requirements and grade-oriented premises requirements of the land use by-law or this agreement where:
 - (i) in the HR-2 Zone as shown on Schedule B, a lot faces the outside of a curve on Mount Hope Avenue; and
 - (ii) in the HR-1 Zone and HR-2 Zone as shown on Schedule B, a lot abuts Road 2.
- (g) Changes to the maximum permitted streetwall height by up to 20% are permitted in order to avoid buildings with different stepback elevations across two or more street frontages.

3.4.7 For lands within the PA Zone shown on Schedule B, the following shall apply:

- (a) Except for structures associated with a utility use, structures shall be limited to a maximum building footprint of 45 square metres per structure.
- (b) The minimum lot frontage requirement is 3.0 metres.
- (c) The minimum main building setback requirement from any lot line is 3.0 metres.
- (d) Accessory structures shall meet the requirements of the Land Use By-law.

3.5 Design Requirements

3.5.1 The Development shall comply with all design requirements of the land use by-law within the applicable zone as shown on Schedule B, except when other requirements are specified in this agreement.

3.5.2 The following design requirements shall apply to lands within the ER-3 Zone shown on Schedule B:

- (a) each low-density dwelling use and each main building containing a multi-unit dwelling use shall provide a minimum of one pedestrian entrance which fronts and faces a public street;
- (b) any pedestrian entrance required under 3.5.2 (a) shall not be required to face a public street if it is part of a porch or entryway which fronts on a public street; and
- (c) the requirements of Solid Waste Management Areas and Screening for Solid Waste Management Areas shall not apply.

3.5.3 The following design requirements shall apply to lands within the HR-1 Zone and HR-2 Zones shown on Schedule B:

- (a) Subject to 3.5.3 (b), excluding any portion of a structure below 0.6 metres above the average finished grade, the maximum building width or maximum building depth of any main building shall not exceed 90 metres;
- (b) Any main building which exceeds the maximum building width or maximum building depth of the Land Use By-law shall divide the streetwall into distinct sections between 0.3 and 8.0 metres in width, extending from the ground to the top of the streetwall, and differentiate each section from abutting distinct sections by providing a minimum of two of the following:
 - (i) different materials;
 - (ii) different colours;
 - (iii) recesses or projections that are no less than 0.6 metres deep;
 - (iv) stepped portions in the streetwall;
 - (v) changes in the height of the streetwall; or
 - (vi) living walls.
- (c) Streetwalls or exterior walls that face a front or flanking yard which exceed a maximum building width or depth of 64 metres shall incorporate a minimum of one recess in the wall that:
 - (i) extends vertically from the ground to the top of the wall; and
 - (ii) that has a minimum required dimension of 5.0 metres in width and 1.8 metres in depth.

- (d) To distinguish the recessed portion of the streetwall subject to Section 3.5.3 (c) from abutting portions, the recess shall provide a minimum of one of the following:
 - (i) different materials;
 - (ii) different textures;
 - (iii) different colours;
 - (iv) changes in the height of the streetwall;
 - (v) stepped portions in the streetwall; or
 - (vi) living walls.
- (e) For commercial uses, within a streetwall, a building's ground floor façade shall consist of clear glass glazing for a minimum of 30% of the ground floor façade's surface area.

3.6 Subdivision of the Lands and Phasing

- 3.6.1 The requirement for Concept Subdivision Approval of the Regional Subdivision By-law is deemed to be satisfied by this agreement.
- 3.6.2 Subdivision applications shall be submitted to the Development Officer in general conformance with the phasing plan presented in Schedule F.
- 3.6.3 The Development Officer may approve alternative phasing provided that the Developer submits a revised phasing plan and concept plan that meets the requirements of the Regional Subdivision By-law.
- 3.6.4 Prior to approval of a plan of subdivision for each phase of the development, a residential unit tracking chart in accordance with section 3.3.1 of this agreement shall be provided as a component of each plan of subdivision.

3.7 Parking and Off-Street Loading

- 3.7.1 The Development shall comply with the parking requirements of the land use by-law within the applicable zone as shown on Schedule B, except when other requirements are specified in this agreement.
- 3.7.2 For any garage which is attached to a low-density dwelling use, garage doors facing the front or flanking lot line shall not exceed a maximum width of 6.0 metres in total.
- 3.7.3 No minimum motor vehicle parking shall be required for any residential use within the ER-3 Zone as shown on Schedule B.
- 3.7.4 For a low-density dwelling use, a maximum of 3.75 metres of the width of any front or flanking yard per dwelling unit may be used for the parking and manoeuvring of motor vehicles.
- 3.7.5 Driveways for low-density dwelling uses shall be paired.
- 3.7.6 Notwithstanding Section 3.7.5, the Development Officer may waive the requirement to pair driveways for one of the following conditions:
 - (a) where the number of dwelling units under consideration results in an uneven number, then one dwelling unit is exempt from the pairing requirement; or
 - (b) where the pairing of driveways is deemed unfeasible due to one of the following constraints:
 - (i) the placement of services and utilities;
 - (ii) changes in grade; or
 - (iii) the curvature of the road; or
 - (iv) in the opinion of the Development Engineer, there is a preferred alternative.

- 3.7.7 Accessory parking lots permitted in conjunction with multi-unit dwelling uses on lands within the ER-3 Zone shown on Schedule B shall meet the following requirements:
- (a) parking lots shall not be located in a front or flanking yard; and
 - (b) a maximum of 8 parking spaces per lot shall be permitted.
- 3.7.8 Accessory parking lots permitted in conjunction with townhouse uses on lands within the ER-3 Zone shown on Schedule B shall meet the following requirements:
- (a) parking lots shall not be located in a front or flanking yard; and
 - (b) a maximum of 9 parking spaces per lot shall be permitted.
- 3.7.9 Accessory parking lots shall be permitted within any yard in for lands within the HR-1 and HR-2 Zones shown on Schedule B and shall meet the following requirements:
- (a) except for driveways, be setback from the streetline the same distance required for a main building on the lot; and
 - (b) not be located between a main building and a front or flanking lot line.
- 3.7.10 Bicycle parking spaces shall not be required for any development on lands within the ER-3 Zone shown on Schedule B.

3.8 Landscaping

- 3.8.1 The Development shall comply with all landscaping requirements of the land use by-law within the applicable zone as shown on Schedule B, except when other requirements are specified in this agreement.
- 3.8.2 Landscaping shall be provided as generally shown on Schedule G, and as otherwise provided in this Agreement.
- 3.8.3 A landscaped buffer shall be provided where development in the ER-3 Zone shown on Schedule B abuts Highway 111 ("Circumferential Highway"), excluding any portion of the lands encumbered by servicing and utility easements, subject to the following conditions:
- (a) the landscaped buffer shall contain existing vegetation for a minimum depth of 6 metres; and
 - (b) the required landscaped buffer shall be provided along the lot line that separates the development from Highway 111.
- 3.8.4 For any development in a HR-1 and HR-2 Zone shown on Schedule B, landscaping of any accessory parking or off-street loading space shall meet the requirements of Land Use By-law or the Developer shall maintain a minimum of 3 metres in depth of undisturbed existing vegetation between the edge of any accessory parking or off-street loading space and the property line instead of the required hedge, fence or wall.
- 3.8.5 Where a development in the ER-3 Zone abuts a PA Zone as shown on Schedule B, one of the following shall be provided along the lot line that separates the development from the PA Zone:
- (a) a wooden fence no less than 1.2 metres high;
 - (b) a chain-link fence no less than 1.2 metres high; or
 - (c) a masonry wall no less than 1.2 metres high.
- 3.8.6 Only the species listed on Schedule G shall be planted within the "Naturalized Area with Native Plantings" area as shown on Schedule G.

- 3.8.7 Except for trails or any area of land encumbered by a utility easement, when an area of land in the "Naturalized Area with Native Plantings" area as shown on Schedule G is disturbed or cleared, it shall be re-established with native plantings prior to acceptance of primary and secondary services for each phase of development.

3.9 Parkland

- 3.9.1 Parkland dedication shall be required in accordance with the Regional Subdivision By-law including cash in lieu where the required dedication exceeds the parkland shown on Schedule I.
- 3.9.2 Parkland contribution via land dedication shall conform with the locations and dimensions as generally illustrated on Schedule I. Final adjustments to the configuration and grades shall be agreed upon by the Development Officer, in consultation with the Parkland Planner, and the Developer prior to subdivision approval being granted. The Development Officer may permit variations to lot configuration provided appropriate access and road frontage is maintained, the total area of land is not reduced, and the proposed parkland meets the requirements of the Regional Subdivision By-law. The parkland dedication shall include identified parkland, site development and multi-use paths. All site preparation and development shall meet the requirements of the Municipality.
- 3.9.3 The proposed public parkland shown on Schedule I shall be conveyed to the Municipality by the Developer in conjunction with final subdivision approval.

3.10 Environmentally Sensitive Areas

- 3.10.1 Lands identified as Environmentally Sensitive Areas on Schedule I may be deeded to the Municipality at final subdivision approval and shall not count towards the required parkland contribution.

3.11 Interpretive and Educational Features

- 3.11.1 The Developer shall provide a minimum of two interpretive or educational features, or a combination of both, within the development from the following options:
- (a) educational signage presenting information on:
 - i) the environmental functions and benefits of wetlands; or
 - ii) local flora and fauna; or
 - iii) stormwater management and landscaping; or
 - iv) local geological history such as glaciation or volcanism; or
 - v) local history or culture; or
 - any combination of the above; or
 - (b) A trail head map which
 - i) provides a map of trails and streets in the development; and
 - ii) identifies features such as parks, wetlands, and bicycle paths.
- 3.11.2 Educational signage provided as part of this section shall:
- (a) be a minimum length and width of 60 centimetres;
 - (b) include a combination of photos, text and other graphics;
 - (c) be constructed to withstand the elements, and be secured in place to prevent theft; and
 - (d) be located in a prominent location easily accessible to the general public.
- 3.11.3 Trail head maps provided as part of this section shall:
- (a) be a minimum length and width of 90 centimetres;
 - (b) be constructed to withstand the elements, and be secured in place to prevent theft; and
 - (c) be located in a prominent location easily accessible to the general public.

- 3.11.4 A sign permit shall not be required for interpretive and educational features permitted under this Agreement. The Developer shall submit a draft of the proposed signage or features to the Development Officer in a format suitable to the Development Officer for review prior to installation.

3.12 Active Transportation

- 3.12.1 The active transportation network as shown on Schedule E shall meet the most current edition of the Municipal Design Guidelines, unless otherwise stated in this Agreement or varied by the Municipal Engineer.
- 3.12.2 Active transportation facilities shall conform with the locations, dimensions, site improvements and site preparation areas illustrated on the Schedules and identified in this Agreement with the final adjustments to configuration and grades of the site agreed upon by the Municipality and the Developer prior to subdivision approval being granted. All site preparation and development shall meet the requirements of the Municipality.
- 3.12.3 Trails shall be completed and deeded to the Municipality prior to the completion of each subdivision phase or as varied by the Agreement.
- 3.12.4 Any trail located within the required watercourse buffer pursuant to 5.3.1 and 5.3.2 of this Agreement shall be constructed of permeable materials.

3.13 Maintenance

- 3.13.1 The Developer shall maintain and keep in good repair all portions of the development on the Lands, including but not limited to, the exterior of any buildings, fencing, walkways, recreational amenities, parking areas and driveways, and the maintenance of all landscaping including the replacement of damaged or dead plant stock, trimming and litter control, garbage removal and snow and ice control, salting of walkways and driveways.

3.14 Reinstatement

- 3.14.1 All disturbed areas shall be reinstated to original condition or better.
- 3.14.2 Excluding disturbances for stormwater management, utility and park purposes, all disturbed areas of the required wetland buffer shall be reinstated as per the requirements under Section 3.8 of this Agreement.

3.15 Backyard and Secondary Suites

- 3.15.1 Secondary Suites and Backyard Suites shall be permitted as per the requirements of the Land Use By-law. Secondary Suites and Backyard Suites shall not be counted towards the minimum or maximum number of units under Section 3.3.1.
- 3.15.2 All bedrooms in a secondary suite use shall count towards the maximum number of permitted bedrooms on a lot.
- 3.15.3 All bedrooms in a backyard suite use shall not count towards the maximum number of permitted bedrooms on a lot.

3.16 Incentive or Bonus Zoning

- 3.16.1 The public benefit value shall be calculated as per the requirements of section 476, Incentive or Bonus Zoning for Future Growth Nodes, of the Regional Centre Land Use By-law.
- 3.16.2 An appraisal shall be undertaken for the entire site in accordance with the Land Use By-law.
- 3.16.3 The appraisal shall be updated in accordance with the following:
- (a) The appraisal shall be updated every three (3) years from the date the appraisal is completed in accordance with the Land Use By-law;
 - (b) Subject to 3.16.3(c), in the event that the appraisal has not been updated for three (3) years, no further development permits shall be issued until an updated appraisal is completed;
 - (c) The Developer shall have ninety (90) days after each appraisal is three years old to complete each new appraisal required under this section during which time development permits may continue to be issued.
- 3.16.4 The public benefit value shall be adjusted:
- (a) annually on April 1st of every year in accordance with changes to the Halifax All-Items Consumer Price Index released by Statistics Canada and the formula in Appendix 3 of the Regional Centre Land Use By-law; and
 - (b) Whenever an appraisal is completed as required by 3.16.3.
- 3.16.5 The Developer may pay the public benefit value:
- (a) for the entire site in a single payment prior to the issuance of the first development permit in the development; or
 - (b) on a per dwelling unit basis for each lot in the development.
- 3.16.6 When the public benefit value is paid on a per dwelling unit basis:
- (a) the amount to be paid per each dwelling unit shall be equal to the required public benefit value divided by 875; and
 - (b) no development permit shall be issued prior to the payment of public benefits for all dwelling units on a lot.
- 3.16.7 100% of public benefits shall be allocated to affordable housing money-in-lieu.
- 3.16.8 Public benefit categories and requirements shall be subject to Sections 479 to 484 of the Regional Centre Land Use By-law.
- 3.16.9 A bonus zoning agreement shall not be required when the public benefit is provided in the form of money-in-lieu.

PART 4: STREETS AND MUNICIPAL SERVICES

4.1 General Provisions

- 4.1.1 All design and construction of primary and secondary service systems shall satisfy the most current edition of the Municipal Design Guidelines and Halifax Water Design and Construction Specifications and shall receive written approval from the Development Engineering prior to undertaking the work.
- 4.1.2 The Development Officer, in consultation with the Development Engineer, may permit changes to any of the schedules of this agreement required to implement any changes to the transportation network or servicing schematic required by the Development Engineer.

- 4.1.3 At the time of application for either a final subdivision or any street access permit, any local improvement charges as required by the Local Improvement By-law (By-law L-100) for the Mount Hope Avenue Extension Project shall be paid in full.

4.2 Off-Site Disturbance

- 4.2.1 Any disturbance to existing off-site infrastructure resulting from the development, including but not limited to, streets, sidewalks, curbs and gutters, street trees, landscaped areas and utilities, shall be the responsibility of the Developer, and shall be reinstated, removed, replaced or relocated by the Developer as directed by the Development Officer, in consultation with the Development Engineer.

4.3 Site Preparation in a Subdivision

- 4.3.1 The Developer shall not commence site grading, excavation or blasting activities required for the installation of primary or secondary services in association with a subdivision prior to entering into a subdivision agreement with the Municipality unless otherwise permitted by the Development Officer, in consultation with the Development Engineer.

4.4 Gaston Road Connection

- 4.4.1 The Developer agrees to share the cost of designing and constructing a public street connection to Gaston Road as identified as "Street A" on Schedule E as follows:
- (a) the Developer is responsible for all costs associated with the portion located within the Lands subject to this Agreement;
 - (b) the Municipality is responsible for all costs associated with the remaining portion that is located outside of the lands and which connects to Gaston Road;
 - (c) "Street A" shall be a minimum of 15.3 metres in width and capable of forming a portion of a continuous right-of-way to Gaston Road; and
 - (d) the design of the street shall satisfy the most current edition of the Municipal Design Guidelines unless varied by the Development Engineer.
- 4.4.2 Subject to the Development Engineer confirming the Municipality's readiness to proceed, the Developer agrees to construct "Street A" and a public street which connects "Street A" to Gaston Road as part of the final phase of the of the Development and the Municipality shall reimburse the Developer for the cost of designing and constructing all portions of the public street located outside of the Lands.
- 4.4.3 Should the Municipality not be prepared to proceed with constructing a public street to Gaston Road located outside the Lands as part of the final phase of the Development, the Developer agrees:
- (a) to provide clear title to the portion of "Street A" within the Lands at the time of final subdivision approval and acceptance in accordance with the phasing of the development; and
 - (b) provide a cost estimate, prepared by an independent qualified professional, and payment for the value of designing and constructing the portion of "Street A" contained within the Lands.

PART 5: ENVIRONMENTAL PROTECTION MEASURES

5.1 Private Storm Water Facilities

- 5.1.1 All private storm water facilities shall be maintained in good order in order to maintain full storage capacity by the owner of the lot on which they are situated.

5.2 Stormwater Management Plans and Erosion and Sedimentation Control Plan

- 5.2.1 Prior to the approval of a Final Plan of Subdivision a qualified engineer shall provide written confirmation to the Development Officer that:
- (a) the overall design of the stormwater management system conforms to the most recent version of the Municipal Design Guidelines and Halifax Water Design and Construction Specifications, unless otherwise provided for in this Agreement; and
 - (b) that the system is designed for an average removal of 80% of Total Suspended Solids (TSS) on an annual loading basis from all stormwater runoff leaving the development site based on the post-development level of imperviousness.
- 5.2.2 Where easements are required as part of the stormwater system, the Developer shall provide the easements to the Municipality or Halifax Water as required.
- 5.2.3 Where private storm systems cross multiple properties, the Developer shall provide easements in favour of the affected properties to permit the flow of stormwater.
- 5.2.4 In addition to the requirements for the full development site in 5.2.1 (b), individual sites must meet the requirements of By-Law G-200 Respecting Grading and Stormwater Management Associated with Land Development, and Administrative Order 2020-010-OP Respecting Stormwater Management Standards for Development Activities.

5.3 Watercourse Buffers

- 5.3.1 Subject to 5.3.2, a development permit shall not be issued for any development within the watercourse buffer as shown on Schedule J.
- 5.3.2 Within the buffer, vegetation removal and grading for development are permitted on areas labelled as "Reinstated Slope" on Schedule J, or "Grade Altered/ Naturalized Area with Native Plantings" on Schedule G.
- 5.3.3 The design of any linear features through the wetland, including streets, shall allow for the throughflow of water and maintain wetland functions as identified in the baseline Wetland Ecosystem Services Protocol (WESP) assessment required as part of any wetland alteration permit issued by the Province of Nova Scotia.

5.4 Archaeological Monitoring and Protection

- 5.4.1 The Lands fall within the High Potential Zone for Archaeological Sites identified by the Province of Nova Scotia. The Developer shall contact the Coordinator of Special Places of the Nova Scotia Department of Communities, Culture and Heritage prior to any disturbance of the Lands and the Developer shall comply with the requirements set forth by the Province of Nova Scotia in this regard.

5.5 Sulphide Bearing Materials

- 5.5.1 The Developer agrees to comply with the legislation and regulations of the Province of Nova Scotia with regards to the handling, removal, and disposal of sulphide bearing materials, which may be found on the Lands.

PART 6: AMENDMENTS

6.1 Non-Substantive Amendments

- 6.1.1 The following items are considered by both parties to be not substantive and may be amended by the Development Officer.
- (a) The granting of an extension to the date of commencement of construction as identified in Section 7.3.1 of this Agreement;
 - (b) The length of time for the completion of the development as identified in Section 7.4 of this agreement up to a maximum of 3 years;
 - (c) A change in the number of each type of units provided under 3.3.1 of this agreement by up to 10% of each type; and
 - (d) Changes to landscaping requirements which are generally consistent with Schedule G.

6.2 Substantive Amendments

- 6.2.1 Amendments to any matters not identified under Section 6.1.1 shall be deemed substantive and may only be amended in accordance with the approval requirements of the *Halifax Regional Municipality Charter*.

PART 7: REGISTRATION, EFFECT OF CONVEYANCES AND DISCHARGE

7.1 Registration

- 7.1.1 A copy of this Agreement and every amendment or discharge of this Agreement shall be recorded at the Registry of Deeds or Land Registry Office at Halifax, Nova Scotia and the Developer shall incur all costs in recording such documents.

7.2 Subsequent Owners

- 7.2.1 This Agreement shall be binding upon the parties hereto, their heirs, successors, assigns, mortgagees, lessees and all subsequent owners, and shall run with the Lands which are the subject of this Agreement until this Agreement is discharged by the Municipality.
- 7.2.2 Upon the transfer of title to any lot(s), the subsequent owner(s) thereof shall observe and perform the terms and conditions of this Agreement to the extent applicable to the lot(s).

7.3 Commencement of Development

- 7.3.1 In the event that development on the Lands has not commenced within 1 year from the date of registration of this Agreement at the Registry of Deeds or Land Registry Office, as indicated herein, the Lands shall conform with the provisions of the Land Use By-law.
- 7.3.2 For the purpose of this section, commencement of development shall mean the entering into a subdivision agreement for Phase 1A of the development with the Municipality.
- 7.3.3 For the purpose of this section, the Development Officer may consider granting an extension of the commencement of development time period under Section 6.1.1 (a) if the Municipality

receives a written request from the Developer prior to the expiry of the commencement of development time period.

7.4 Completion of Development

- 7.4.1 Upon the completion of the whole development, this Agreement may be reviewed against the requirements of the *Halifax Regional Municipality Charter* and *Housing in the Halifax Regional Municipality Act* in whole, or in part, and may be:
- (a) retained in its present form;
 - (b) negotiated for a new Agreement; or
 - (c) discharged.
- 7.4.2 For the purpose of this section, completion of development shall mean the issuance of occupancy permits for all lots which are not zoned PCF or PA as shown on Schedule B.
- 7.4.3 Upon the completion of the whole development or complete phases of the development, or at such time that policies applicable to the lands have been amended, this agreement may be reviewed and may be amended in a matter consistent with the requirements of the *Halifax Regional Municipality Charter* and *Housing in the Halifax Regional Municipality Act* as follows:
- (a) the Agreement may be retained in its present form;
 - (b) a new Agreement may be negotiated;
 - (c) this Agreement may be discharged; or
 - (d) for those portions of the development which have been completed, this Agreement may be discharged and appropriate zoning applied pursuant to the applicable Municipal Planning Strategy and Land Use By-law, as may be amended from time to time.
- 7.4.4 In the event that development on the Lands has not been completed within ten (10) years from the date of registration of this Agreement at the Registry of Deeds or Land Registry Office, as indicated herein, the Lands shall conform with the provisions of the Land Use By-law.

7.5 Discharge of Agreement

- 7.5.1 If the Developer fails to complete the development after 10 years from the date of registration of this Agreement at the Registry of Deeds or Land Registration Office in Halifax, this agreement may be reviewed and amended in a matter consistent with the requirements of the *Halifax Regional Municipality Charter* and *Housing in the Halifax Regional Municipality Act* by means of:
- (a) retaining the Agreement in its present form;
 - (b) negotiating a new Agreement; or
 - (c) discharging this Agreement.

PART 8: ENFORCEMENT AND RIGHTS AND REMEDIES ON DEFAULT

8.1 Enforcement

- 8.1.1 The Developer agrees that any officer appointed by the Municipality to enforce this Agreement shall be granted access onto the Lands during all reasonable hours without obtaining consent of the Developer. The Developer further agrees that, upon receiving written notification from an officer of the Municipality to inspect the interior of any building located on the Lands, the Developer agrees to allow for such an inspection during any reasonable hour within twenty-four hours of receiving such a request.

8.2 Failure to Comply

8.2.1 If the Developer fails to observe or perform any condition of this Agreement after the Municipality has given the Developer 30 days written notice of the failure or default, then in each such case:

- (a) The Municipality shall be entitled to apply to any court of competent jurisdiction for injunctive relief including an order prohibiting the Developer from continuing such default and the Developer hereby submits to the jurisdiction of such Court and waives any defence based upon the allegation that damages would be an adequate remedy;
- (b) The Municipality may enter onto the Lands and perform any of the covenants contained in this Agreement or take such remedial action as is considered necessary to correct a breach of the Agreement, whereupon all reasonable expenses whether arising out of the entry onto the Lands or from the performance of the covenants or remedial action, shall be a first lien on the Lands and be shown on any tax certificate issued under the *Assessment Act*;
- (c) The Municipality may by resolution, or by order of the CAO, discharge this Agreement whereupon this Agreement shall have no further force or effect and henceforth the development of the Lands shall conform with the provisions of the Land Use By-law; or
- (d) In addition to the above remedies, the Municipality reserves the right to pursue any other remedy under the *Halifax Regional Municipality Charter* or Common Law in order to ensure compliance with this Agreement.

IN WITNESS WHEREAS the said parties to these presents have hereunto set their hands and affixed their seals the day and year first above written.
