

Azure Court + Gaspereau Run

The primary intent for Azure Court Park and Gaspereau Run Park is to provide a trail connection between Midnight Run and Gaspereau Run.

Site Suitability and Park Development Considerations

- The two parks are directly across from each other on Azure Court, providing connectivity between the parks. A trail network could connect Midnight Run, Azure Court, and Gaspereau Run.
- Installation of a crosswalk on Azure Court would need to be reviewed by Traffic.
- Both parks are forested with gentle slopes towards the south. There is a small drainage course that runs through both parks. “Forest discovery nodes” could be developed for small nature play opportunities, seating areas, or nature interpretation signage.
- For future consideration, the potential amenity spaces could include sport courts or a small playground.

What We Heard

- Trail development is the most preferred amenity followed by a small playground or sport courts.
- Very few respondents currently visit Gaspereau Run Park or Azure Court Park, and these parks ranked the lowest for parks people would visit most often.
- Almost half the respondents feel that a moderate level of park development is appropriate for these parks to support a mix of active and passive recreation.

Considering the potential park development, what amenities would you like to see at Azure Court Park and Gaspereau Run Park? Select all that apply:
