

Focus Area: **Halifax Peninsula**

Halifax Transit is seeking feedback on potential changes in the Halifax Peninsula area:

- Extend **Route 24 Leiblin Park** to connect the route to a downtown transit terminal.
- Alternative routing options for services currently travelling along Morris Street:
 - Re-route **Route 90 Larry Uteck** either onto Spring Garden Road, Cogswell Street, or along Duffus Street to Barrington Street.
 - Re-route **Express Routes 135, 136, 137, 138, 158, 159, 161, 165** and **168A/B** which serve Clayton Park and Dartmouth onto Spring Garden Road in either one or both directions.
- Cancel service on the **Route 93 Bedford Highway** to provide additional service on the **Route 8 Sackville** (see **Level of Service Fact Sheet**).

Three proposed network options are shown in the Service Concepts section below; additional network concepts may be considered as well.

Existing service:

There are changes under consideration for the following routes:

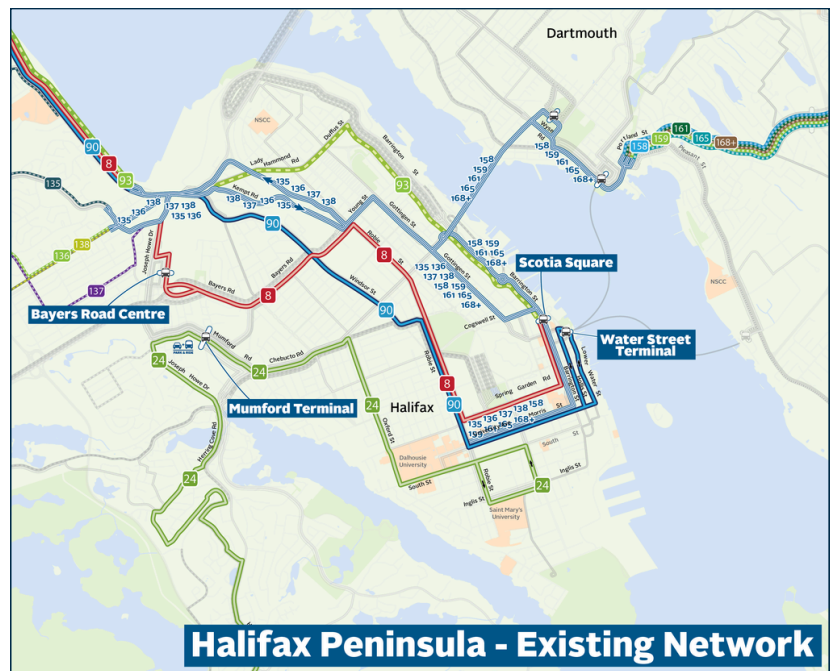

Route 8 Sackville: Sackville Terminal to Scotia Square via Sackville Drive, Bedford Highway, Robie Street and Spring Garden Road.

Route 24 Leiblin Park: Leiblin Park to Mumford Terminal via Cowie Hill then to Saint Mary's University via Oxford Street, Coburg Road and Robie Street.

Route 90 Larry Uteck: West Bedford Park & Ride to downtown Halifax via Bedford Highway, Robie Street, University Avenue, Morris Street, Lower Water Street, Water Street Terminal and returning along Hollis Street.

Route 93 Bedford Highway: Cobequid Terminal to Scotia Square via Bedford Highway, Lady Hammond Road, Duffus Street and Barrington Street.

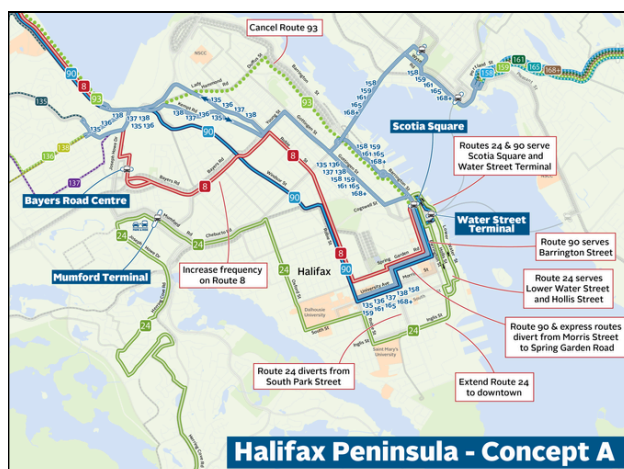

Express Routes 135, 136, 137, 138, 158, 159, 161, 165, 168A/B. Peak Express Routes connecting locations in Clayton Park and Dartmouth to downtown Halifax, University Avenue and Morris Street.

Halifax Peninsula Transit Service Concepts

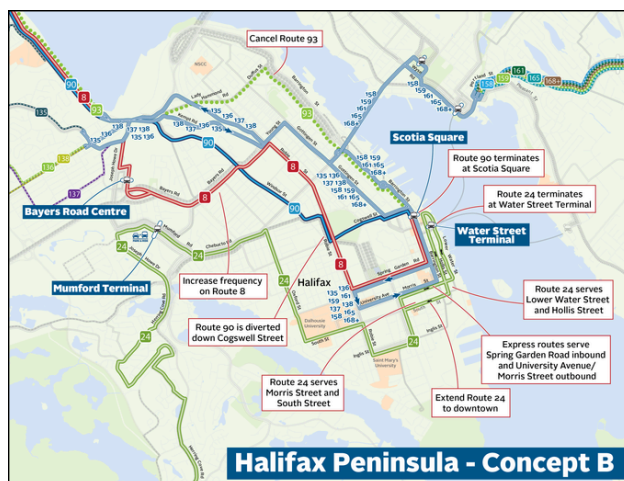

Concept A:

- **Route 90:** University Avenue, South Park Street, Spring Garden Road, Barrington Street to Scotia Square.
- **Route 24:** Robie Street, Inglis Street, Lower Water Street to Water Street Terminal, Scotia Square, then return along Hollis Street.
- **Express Routes:** University Avenue, South Park Street, Spring Garden Road, Barrington Street to Scotia Square.

Concept B:

- **Route 90:** Robie Street, Cogswell Street to Scotia Square.
- **Route 24:** Robie Street, Inglis Street, South Park Street, Morris Street, Lower Water Street, to Water Street Terminal, then return along Hollis Street and South Street.
- **Express Routes:** Inbound routes travel along Barrington Street, Spring Garden Road, Robie Street to University Avenue. Outbound routes travel along University Avenue, Morris Street Barrington Street, to Scotia Square and continue.

Concept C:

- **Route 90:** Windsor Street Exchange, Lady Hammond Road, Duffus Street, Barrington Street to Scotia Square.
- **Route 24:** Robie Street, Inglis Street, South Park Street, Morris Street, Lower Water Street, to Water Street Terminal, then return along Hollis Street and South Street.
- **Express Routes:** Inbound routes travel along Barrington Street, Spring Garden Road, Robie Street to University Avenue. Outbound routes travel along University Avenue, Morris Street, Barrington Street to Scotia Square and continue.
