

Downtown Halifax 5-year Review

PURPOSE, SCOPE, PROCESS & RELATED PROJECTS

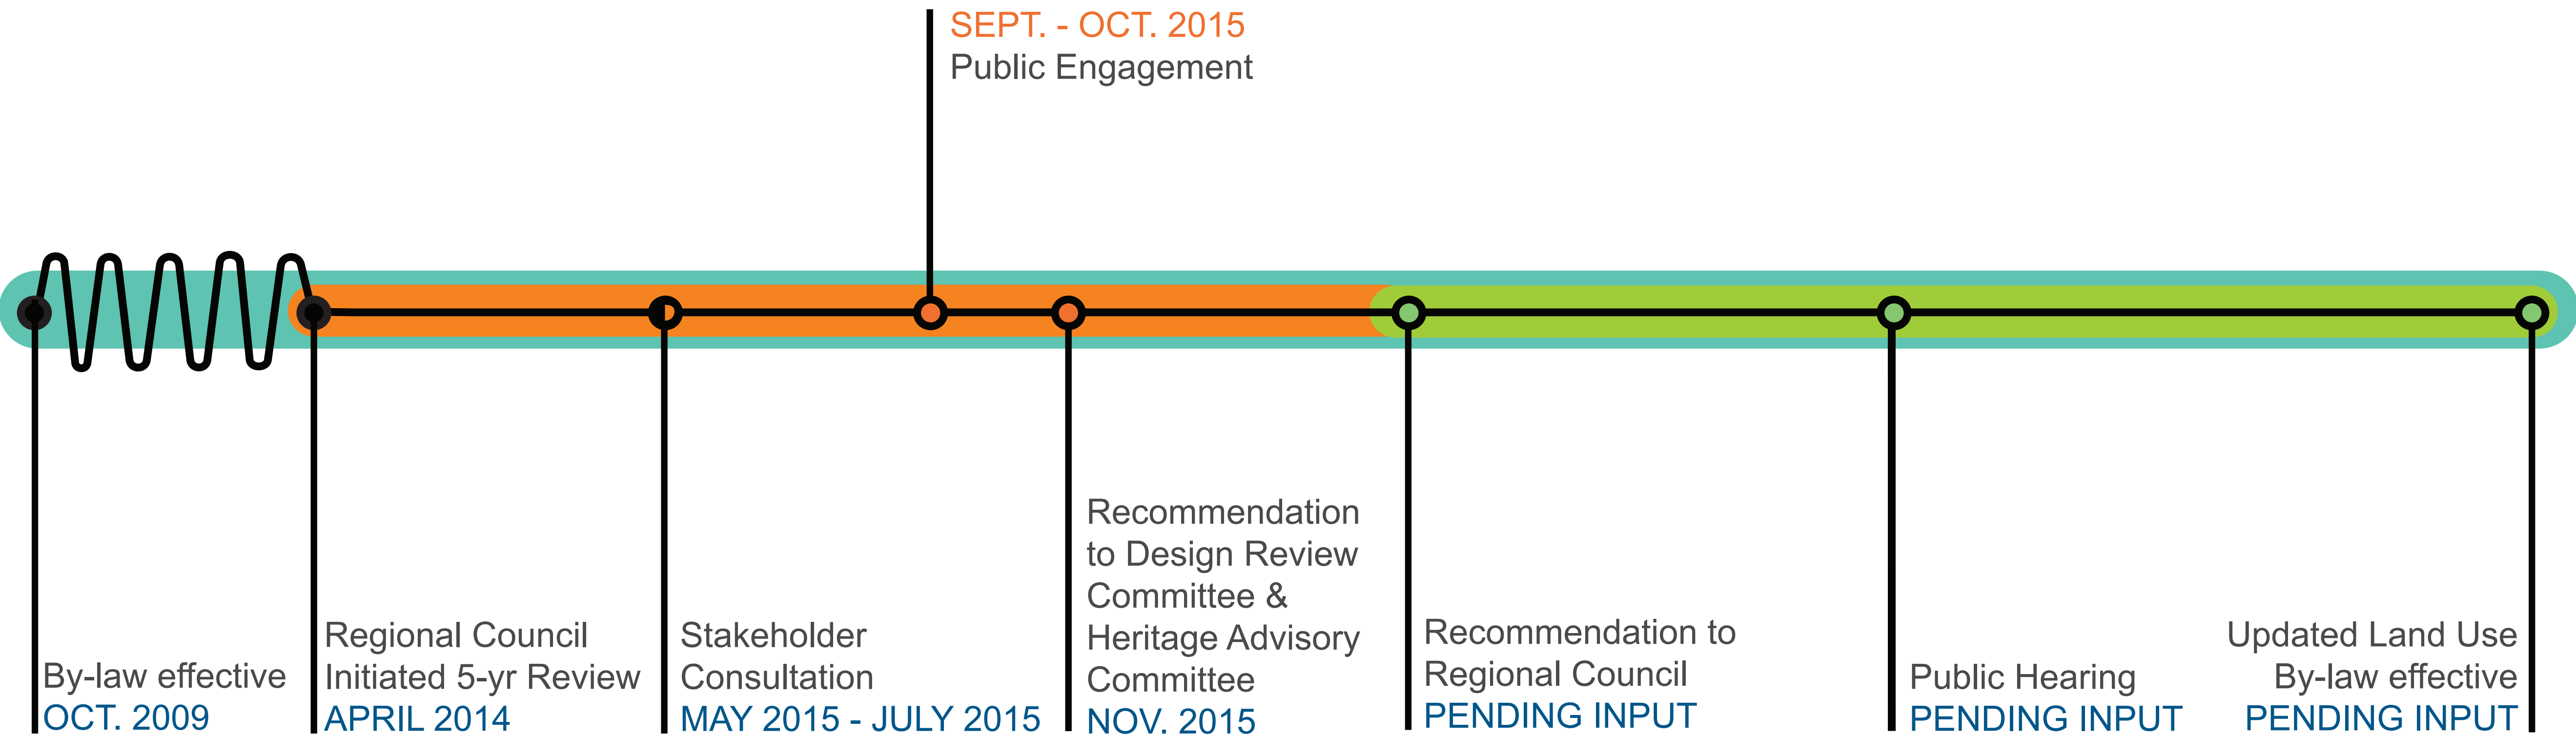

Purpose

The Downtown Halifax Plan includes a requirement for annual and five-year reviews. The purpose of these reviews is to keep the Plan in a state of a “good repair” by responding to changing conditions, measuring success, and addressing any shortcomings of the documents.

Scope

The 5-year review can consider both minor and more substantive amendments to plan policies and development regulations, as well as changes related to growth targets.

Process

Related Projects

The following planning projects are underway at the periphery, or within Downtown Halifax:

- Old South Suburb Heritage Conservation District Project
- Schmitville Heritage Conservation District Project
- The Cogswell Interchange Redevelopment Project

It is expected that these projects will lead to further amendments to the Plan and Land Use By-law, but are not in the scope of the current review.
